

**Catchline**

**Features**

- *Six ultra-high resolution infrared cameras*
- *Ultra-wide field of view: 240° in azimuth and 90° in elevation*
- *Simultaneous, independent use by all crew members*
- *Terrain elevation and distance perceptions*

**Major benefits**

- *Passive system for maximum stealth*
- *Sensor redundancy*
- *Very low system latency and optimised display quality*
- *High robustness/reliability and reduced maintenance*
